

### Turtle Poem

There was a little turtle,  
(cup hands like a turtle)  
Who lived in a box.  
(use hands to form "box")  
She swam in a puddle,  
(swimming motions)  
She climbed on rocks.  
(climbing motions)  
She snapped at a mosquito,  
(clap high)  
She snapped at a flea,  
(clap mid-range)  
She snapped at a minnow,  
(clap low)  
She snapped at me.  
(clap toward self)  
She caught the mosquito,  
(clap and hold as if catching something - high)  
She caught the flea,  
(clap and hold - mid-range)  
She caught the minnow,  
(clap and hold - low)  
But she didn't (shake head "no") catch me (point to self).
